SURVIVOR SERVICES PROGRAM (SSP)

DVRP's Survivor Services Program (SSP) provides direct services to A/PI survivors of domestic violence and sexual assault. Our full-time Case Managers serve survivors, regardless of ethnicity, religion, sexual orientation, etc. SSP services include safety planning, information and referrals to shelter, legal, and social services (such as food, clothing, mental health and substance abuse services)

FY 18 **TOTAL SERVED: 190**
DC: 33
MD: 53
VA: 72

TARGETS FOR FY 20

250 CLIENTS

- Art Therapy Program
- Create Notebook for Survivors
- Photonovel Training
 - *Chinese community*
 - *Japanese community*
 - *Vietnamese community*
 - *Urdu community*
- Create new palm cards to raise awareness.

- Lack of funding in **Virginia** makes it challenging for staff to provide services in that state.
- Lack of fundings in unrestricted makes it challenging for staff to help clients when they have emergencies (ie. transportation to court, medical appointments, hotel, food, clothes)

Strategies Moving Forward

- Develop interventions and enhance cultural sensitivity to respond to the unique safety challenges of diverse vulnerable populations.
- Expand capacity to provide lifeskills services to survivors.
- Develop and enhance services and partnerships that empower clients to freedom.
- Strengthen high quality trauma-informed services for service providers, community partners, and survivors .

SSP & Outreach Collaboration

- More outreach and trainings in the community with a case manager present to provide support and answer questions from attendees.
- More language-specific trainings.
- Continue sharing updates between the two teams to encourage collaboration For example: the ElderSafe training we held that led to our referral of clients .

OUTREACH AND TRAINING AND TECHNICAL ASSISTANCE PROGRAM

The **Outreach Program** works in the community to raise awareness of domestic violence and sexual assault. We do this by promoting healthy relationships, stressing the importance of consent, and distributing outreach materials anywhere and everywhere so people know about our services.

The **Training and Technical Assistance Program** works closely with mainstream service providers and community leaders to strengthen their ability to serve A/PI survivors of domestic violence and sexual assault. DVRP trains service providers on best practices when responding to A/PI survivors, cultural competency, DV screenings, and other trainings specific to sensitive topics in the A/PI community.

FY 40 TRAININGS
18 9 OUTREACH EVENTS

- Healthy Relationships x 6
